

“Together, we grow the Romagnola legacy.”

American Romagnola Cattle Association - Office of the President

Dear Members,

As we reflect on the past year, we want to take a moment to share updates on the progress and direction of our association. Thanks to your continued support and involvement, we have seen meaningful growth and positive momentum throughout the year.

One of our key areas of focus has been strengthening the foundation of the association. We have worked to improve internal processes, enhance communication, and ensure the long term sustainability of our organization. These efforts are aimed at making participation easier and more efficient for our members.

We have also made significant strides with our website. Updates have been made to improve accessibility, organization, and usability, allowing members to more easily access information, forms, and resources. This is an ongoing effort, and we will continue refining the site to better serve the needs of our membership.

Most importantly, the future of Romagnolas remains bright. Interest in the breed continues to grow, and we are committed to promoting its value, integrity, and long-term success. The board remains focused on responsible growth, transparency, and supporting our members as we move forward together.

Thank you for your trust, engagement, and dedication to the association. We look forward to another productive year ahead and encourage you to remain involved as we continue building a strong future for Romagnolas.

Sincerely,

Dustin Oxford
ARCA President
